WINDMOLEN MACHINES BV

Windmolen Machines B.V.
John M. Keynesplein 10, 1066 EP Amsterdam, The Netherlands
KVK 94913781

Company profile

Supplier of new and used heavy machinery — Amsterdam, the Netherlands

WHO WE ARE

Windmolen Machines B.V. is a Dutch private limited company, registered in Amsterdam, that buys, sells and rents heavy machinery and installations. We source new and used equipment to specification through a network of manufacturers, dealers and transport partners, inspect and document every machine, and deliver it to customers in the Netherlands, across Europe and beyond.

Markets: the Netherlands and the EU/EEA; Asia-Pacific (Japan, Singapore, South Korea, Hong Kong); North America (United States, Canada). Counterparty due diligence, sanctions screening and per-market product documentation on every international transaction.

SECTORS

- Construction & Earthmoving
- Quarry & Mining
- Demolition & Site Clearance
- Marine & Offshore
- Heavy Transport & Logistics
- Recycling & Waste Processing
- Forestry & Land Management
- Material Handling & Access

SERVICES

- Sourcing & procurement to specification (new and used)
- Inspection with written condition report and photos
- CE documentation, service history, registration and export documents
- Transport & export: road, RoRo, container; customs paperwork
- Parts & technical support after delivery
- Rental on request, purchase of used machinery

HOW WE WORK

1. Written offer with photos and specification
2. Inspection by you, an independent inspector or us
3. Contract with price, Incoterm and payment schedule
4. Invoice by Windmolen Machines B.V.; payment to the account on the invoice only
5. Transport and delivery documents
6. After-sales support
